## Experience

6 months

Maksoft Rewa → Full-time | NOV 2022 -

Full stack developer – react js | node js | MySQL | mongo db

## Projects

React E- ecommerce website:

- made a e- ecommerce project using react, in this project has all the functionality that should be in a e- ecommerce project, like sorting, filtering, and search the projects and add to cart functionality. I have used Context Api as a global store. while this project a lot of problems faced, but I solved all the problems and completed the product.
